FIRE DEPARTMENT NOTICE.

Session Laws of 1888.

the following Fire Laws: Sec. 20. No person shall, unless by permission of the Chief Engineer, kindle any fire, nor in any way authorize any fire to be made in any street, road, lane, market place or other highway, or on any pier or wharf in the city, except for the purpose of boiling tar, which fire shall not be more than ten feet from the end of the pier or or cause to be lighted, any rubbish or any bonfire in any place whatsoever within a radius of one mile of the present site of the Bell Tower of Honolulu without the permit in writing of the Chief Engineer.

Sec. 27. All engines, carriages, and other movable apparatus of the Honolulu Fire Department shall have the paramount right of way through all streets, lanes, alleys, highways and byways, places and courts of the city and fire districts of Honolulu, when running to a fire, and such apparatus, together with all other vehicles thereto, excepting street cars, shall take and keep the right side of the street, unless the same be obstructed, and all street cars in the vicinity of any such apparatus gopartment the unobstructed use of the street for the time being.

progress of the apparatus of the Honolulu Fire Department going to a fire.

ished by a fine not exceeding one hundred | tion. dollars.

Sec. 32. No person shall give a false alarm of fire in Honolulu.

Sec. 34. Any person violating any of the provisions of this Act shall be deemed guilty of a misdemeanor, and on conviction shall, except where the penalty is otherwise provided herein, be punished by a fine in a sum of not more than one handred dollars.

JULIUS ASCH, Chief Engineer Honolulu Fire Depart-

NOTICE TO MARINERS.

During the process of Deepening the Channel at the entrance to Honolulu harbor the Dredger will be in operation night and day.

At night there will be a Danger Signal placed on the forward derrick of Dredger, about 30 feet above sea level, which can be seen by all vessels approaching the harbor. The Signal consists

of 3 Red lights and a White light—as in the diagram—the red lights being about 3 feet apart, with the white light in the center.

WHITE All steamers crossing the Bar will stop at a safe distance from the Dredger and give one blast of their whistle, which will

be answered by a single blast from the Dredger, to be followed by three blasts from the Dredger when the passage is clear and they can proceed. The Tug will be on hand when not otherwise engaged to assist sailing craft in pass-

ing the Dredger when necessary. C. N. SPENCER, Minister of the Interior. Interior Office, March 9, 1892.

3000-tf IRRIGATION NOTICE.

Holders of Water Privileges, or those paying Water Rates, are hereby notified that, owing to the drouth and the scarcity of water in the Government Reservoirs, the Hours for using water for Irrigation purposes are from 7 to 8 o'clock A. M., and 5 to 6 o'clock P. M., until further notice JOHN C. WHITE,

Supt. Honolulu Water Works.

C. N. SPENCER, Minister of the Interior. Honolulu, H. L. Aug. 5, 1892. 489-tf

NOTICE.

Owing to the drought and scarcity of water, the residents manka of Judd street are requested to collect what water they may require for household purposes before So'clock A. M.

JOHN C. WHITE. Superintendent Honolulu Water Works. Honolulu, Aug. 10, 1892.

DAILY BULLETIN

Pledged to neither Sect nor Party, But Established for the Benefit of All.

WEDNESDAY, AUG. 10, 1892.

An article by Judge Dole on the question, "Shall the Courts be Re-Royal Commission on the Judfciary | Honolulu, August 10th, at 9 a.m. to the Legislature of 1888.

The news that work on the Panama canal is to be resumed is highly interesting. It might be taken into consideration by the committee of our Legislature having in hand Mr. sent for; or leave the same at the wilcon's resolution to grant aid to office of the Board of Health, or at Wilcox's resolution to grant aid to the Nicaragua canal. Should the news prove correct the old ditch

THE CABLE SURVEY.

President Harrison transmitted to the Senate on July 27th the report on the Pacific cable survey. It was prepared under the direction of Lieutenant Commander Glover, chief hydrographer of the Navy Department. The survey "resulted in the development of a lane along the bottom of the Pacific Ocean with an average breadth of 300 miles and a length of 2100 miles. The crust of the earth along the belt was found to have a generally undulating sur-The attention of the public is called to face, with here and there a sharp peak rising abruptly to the surface of the ocean." Three lines of deep sea soundings were run by the steamers Albatross and Thetis between October, 1891, and May, 1892. Two were along the great circles of the earth between Monterey Bay wharf; and no person shall kindle or light, and Honolulu and Point Concepcion and Hilo Bay, respectively, and the third was on the line between Monterey Bay and Honolulu. Hilo people will be disappointed in reading the following paragraph of a synopsis of the survey telegraphed from Washington to the San Francisco press. It does not bear out their sanguine hopes of having the cable terminus at Hilo, raised by the favorable report of the Thetis on the

Point Concepcion and Hilo route: The route considered as the most practicable one for cables lies at an ing to a fire, shall retard or accelerate their speed, as the apparatus may require, in nautical miles along the Mercator order to give the apparatus of the Fire De- line between Monterey Bay and Honolulu-that is, nearly straight on the charts in ordinary use by Sec. 28. No person or persons having navigators. This route is found to the control of any vehicle shall wilfully or | require the minimum length of cable carelessly permit the same to obstruct the | in passing over an even bottom consisting of soil which is favorable for its protection and preservation, Sec. 29. Whoever wilfully, wantonly or avoiding submarine mountains and maliciously obstructs or retards the passage | volcanic regions where substances of an engine, or any fire apparatus of the exercising an injurious chemical Fire Department, while going to or at a fire action on the covering of the cable shall be deemed guilty of a misdemeanor, are likely to exist, and whose natural and upon conviction thereof shall be pun- convulsion may cause its destruc-

The report says the bottom along this route is composed principally of ooze, which is the most favorable bottom material for prolonging the existence of a cable. There was comparatively good bottom all the way across-much better than where the English cables are laid in the Atlantic ocean. The French cables in the Atlantic lie along somewhat better bottom. Lieutenant - Commander Glover estimates that the cost of laying the cable will be \$12,000 a mile. This would be \$2,520,000. It is very gratifying to have the cable project reach the stage of having so favorable a report upon it presented to Congress.

WEDDING BELLS.

Central Union Church the Scene of a Marriage.

Mr. Luther W. Hough, Jr., a druggist at Hollister & Co.'s, and Miss Bertha F. Dexter, a young lady favorably known in this community, were made man and wife last evening at the Central Union Church by the Rev. Thos. L. Gulick of the Makawao Foreign Church. The church was well filled by the friends of the contracting parties. The ushers were Messrs. Geo. H. Paris, E. E. Mossman and P. S. Taylor. The decorations were confined to the front of the pulpit platform, but they were exceedingly pretty. Shortly after 8 o'clock the bridegroom, attended by his best man, Mr. Wm. Harris, took his position on the left side of the pulpit, and a moment later the bride appeared up the centre aisle, attended by her sister, Miss Evelyn Dexter, as bridesmaid. Mr. Wray Taylor, organist at St. Andrew's Cathedral, officiated at the organ, and played the Lohengrin Wedding March before the ceremony, and Mendelssohn's Wedding March as the newly married couple left the building. The bride looked lovely in a pretty costume of white silk, and carried a bouquet. A reception was held later at Mr. and Mrs. Hough's home on Fort street, where numerous friends called and offered their congratulations. Many beautiful presents were received by the happy couple. Refreshments were served and what with social conversation and music by the Hawaiian quintet club, a pleasant evening was spent by those present.

Space forbids detail but mention must be made of the junior bridesmaid Tottie McCandless and the junior groomsman Robbie McWayne.

\$350,000, not including life insurance | Foreign Office, policies held by Mr. Field which amount to about \$300,000. This will make the total amount to be divided over \$600,000 at the lowest estimate. Five years ago Mr. Field was be-

lieved to be worth \$10,000,000. The laboring men of Tacoma. Washington, are greatly excited over the arrival of three Chinamen to start a house to trade with China over the new steamship line of the Northern Pacific Railway. Trouble is feared. A mass meeting had been held when the proposition was made public some weeks ago. The newspapers suppressed news of the arrival of the Chinese,

The House of Representatives is n a deadlock over the World's Fair item of \$5,000,000. Friends of the appropriation are blocking all business o compel the passage of the item. They say the item must be passed or the sundry civil service bill will be defeated. The Democrats decided in a caucus to lay over the World's Fair item until December. This decision is a severe blow to the Fair. To suspend building operations when the funds on hand are exhausted would be disastrous.

THE TROUBLE IN IDAHO.

Wardner, Idaho, where striking miners produced a reign of terror, is to be kept under martial law for an indefinite period. The United States Commissioner has warrants for the arrest of 500 men, 200 of which have vet to be served.

Appeals have been sent to Governor Willey by law abiding citizens for the continuance of martial law. expressing such grave fears of danger to life and property in event of the troops' withdrawal that the Governor exerted all his power to have the troops retained until the fears are allayed.

Petitions to both the Governor and the President represent that there is evidence that men have been designated for the assassin's knife or bullet. It is thought that secret sessions of the Law and Order League are attended by the Miner's Union spies, for in no other way could Union sympathizers be acquainted with the plans of the
